Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past and compare it to its target. This chart shows the fund's performance as the percentage loss or gain per year over the last 9 years against its target

- The Sub-Fund was launched in November 2013
- Performance is shown after deduction of ongoing charges and performance fees, if any. Any entry and exit charges are excluded from the calculation
- Past performance is calculated in EUROS
- The performance of the Sub-Fund is not tracking the target
- The Sub-Fund has changed its target in February 2017 and April 2020
